

WOMEN IN LIONS
 SYMPOSIUM
Garden Tea Party
 DISTRICT 4-C6 LIONS

Dear Women in Lions Symposium Supporter,

Our Women in Lions Symposium and Garden Tea Party on May 13th is around the corner. Please consider supporting this event by becoming a sponsor. We are targeting 100+ guests to attend the event at the Hakone Gardens and Estate in Saratoga. There will be an impressive lineup of speakers, an opportunity to network, and a service project putting together summer camp kits for unhoused children served by LifeMoves.org. Mindfulness and self-care activated stations throughout the gardens and event program teach us to take care of ourselves while caring for others.

Your sponsorship will help bring us closer to achieving our mission of building a strong community of women to make our community better for families in need. Proceeds from this event will support future Women in Lions community service projects.

We will display your sponsorship in our event promotion materials (website) and at the event (on signage, in the event program, verbal acknowledgement) to show how much we appreciate this.

Lions have been working to support the needs of their communities, and communities around the world, for 109 years. Now we need your help to make an even bigger impact! This event can bring more visibility to your organization's commitment to the community. Together, we can make an incredible difference.

Please review the attached Sponsorship Opportunities and Benefits chart, and follow the link or qr code to submit an application to become a sponsor of this event.

Warm Regards,
 Lion Jenny Athena Wong
